

**1.** Palazzo is a collection of mosaics from **New Ravenna**. The 13 patterns are handcrafted in Virginia from natural stone and explore the classic motifs used in Italian palaces of the Renaissance era. Each pattern can be fully customized with material preferences and used in outdoor and indoor applications. [newravenna.com](http://newravenna.com)

**2.** Eagle by **Woodlabo** is a collection of five lights inspired by the Eagle Lunar Module. Orbit, Landing, Moon, and Lift Off are combinations of two or three modules and represent the mission's four stages. The birch plywood panels are spaced a few millimeters apart, letting through light to accentuate its outline. [woodlabo.com](http://woodlabo.com)

**3.** Available from **York Wallcoverings**, Lotus is a wallpaper that is hand pressed from crackled and striated lotus leaves. Nine imaginative colors are featured with an opalescence wash. Choose from a deep mahogany brown; a vivid teal mix; or a frosty combination of white, lavender, and lilac. [yorkwall.com](http://yorkwall.com)

**4.** Chair for Ray is an artistic revision of office furniture by **Tanya Aguiñiga**. Felted raw wool is applied to the iconic Eames Wire Chair. The fabric adds soft, feminine touches that balance the industrial, masculine angles of the webbing and legs. [tanyaaguiniga.com](http://tanyaaguiniga.com)
